Truckee, Nevada County, California, Thursday, June 25, 1942.

Since 1869

### Oil Company Men Offer Rewards In Local Rubber Drive

#### Rubber Money Buys War Bond for Son Of Soldier On Bataan.

As an added incentive for a complete, all-out rubber salvage campaign here, five of the major oil company representatives have offered a bonus of a \$1 war stamp to the boy or girl turning in the largest amount of rubber between now and Tuesday at 6 o'clock when the drive concludes.

The bonus stamp will be issued by Union, Standard, Associated, Shell, and Texaco, according to Chairman H. T. Langille, each station giving one stamp besides the usual one cent per pound allowance.

Langille said today that nearly 20 tons of salvage rubber has been collected here since the drive started and with only a few days remaining, everyone is urged to have another look and bring in all they can find.

The Lions and Rotary clubs assessed fines in rubber at their meetings this week and thus raised 70 pounds which was donated to the cause.

At Boca William Wiley salvaged another 1800 pounds, the proceeds from which went to purchase a war bond for the small son of Captain Tom Shone, who was last heard from on Bataan prior to its capture by the Japs.

Last week Frank Cozzallo of Boca turned in nearly 2500 pounds of scrap rubber which he collected in his area during the first day or two of the current salvage campaign. With this sum he purchased a war bond for his daughter and stamps for his son.

With that accomplishment, Cozzallo did not cease his endeavor and with the aid of Mrs. Cozzallo, this week collected 369 additional pounds of the vital material which was donated to the cause.

That is what we call all-out salvage effort.

### Congressional Candidate Visits Here in Campaign

Frank G. Finnegan, congressional candidate from the second district from Nevada City was in Truckee Tuesday meeting with friends in behalf of his candidacy. Finnegan states that in the short time he has been an announced candidate, he has met with much favorable reaction and is gaining support in the 18 counties he hopes to represent in congress.

### Equipment Purchased For New Tahoe Fire District

TAHOE CITY, June 25—Carl A. Bechdoit, Jr., clerk and treasurer of the newly formed fire district in town, this week declared that all equipment for the new district has been purchased. A Dodge truck in good condition has been bought for carrying hose and ladders and other fire fighting apparatus, and purchase has also been made of gas masks, axes, fire extinguishers, ladders and 600 feet of two inch hose. Within three weeks it is estimated all should be in readiness to operate efficiently.

### Mrs. J. W. Cartwright Is Feted at Farewell Party

Mrs. J. W. Cartwright was the honored guest at a farewell party given by Mrs. Gilbert Mulcahy at the latter's home last Thursday. A number of friends attended. The diversion was guessing contests and winners were Veronica Foster, Laura Smith and Eliza Campbell. Refreshments were served at the close of the afternoon.

Mr. and Mrs. Cartwright left on Saturday to make their home in Lincoln, Placer county.

Dr. Robert S. Zeisz of San Francisco was the week end guest of Dr. C. C. Cozzallo.

### MANY SEEK COUNTY JOBS Three Contest Constable Office

With the time for filing for a place on the primary election safely passed on June 20, several contested offices loom for an interesting campaign between now and August 25. In Meadow Lake Township, Justice of the Peace C. E. Smith is unopposed but three men, N. F. Dolley, Frank A. Titus and Charles

E. Pierce, seek the constableness. Douglas Barrett and Cecil Edmunds are unopposed for positions on the Republican and Democratic central committees in this district.

Three candidates are in the field for the sheriff's job. They are the incumbent, C. J. Tobiasen, Richard Hoskins and Fred Williford.

The district attorney's race will see the incumbent, Vernon Stoll, and Ward Sheldon fighting it out.

A. M. Holmes, the incumbent, and Alvah Hooper are contesting for the coroner's office.

The assessor's job being vacated by John Hammill is being sought by Phil Scadden, present deputy; Eber, K. Smart and John Fontz.

Four candidates have filed for places on the ballot in the treasurer and tax collector race, which is being vacated by the retirement of Frank Steel. Candidates are Elma Hecker, deputy for 17 years; James Henwood, Joseph Henwood and Joseph Martin.

Incumbent Lila Champion is being opposed by Theodore A. Kohler for public administrator.

R. N. McCormack, county clerk; John E. Nettell, recorder, and Walter A. Carlson, superintendent of schools, are unopposed for re-election.

### 50,000 RAINBOW ARE PLANTED IN BOCA BY FISH GAME MEN

More than 50,000 rainbow trout from the Shasta Hatchery, distributed through the Bear Valley base, were planted in the Boca reservoir this week by members of the fish and game planting crew under the direction of M. O. Talbot. Only 300 fish were lost in the transportation and planting process, one of the best records ever established in such a program.

An additional 25,000 rainbow will be planted in the same reservoir within the next few days and the crew of four men comprising Talbot, Andy Weaver, Roy Bangle and Dorance Clanton, will be planting trout throughout this area in all stream and lake during the summer months. The fish being planted now average more than two inches in length and are more than five months old, having been hatched during January. The early planting, observers believe, will provide an opportunity for the fish to grow and accustom themselves to the waters here during the summer feeding period.

Talbot pointed out that several reports have been received regarding dead fish in places along streams where they have been marooned by receding water. These fish, he declared, are minnow and not trout as some reported.

### Important Travel Message Contained In Ad In Paper

A message of importance to those who would utilize busses for travel is contained in an advertisement issued by Greyhound on another page of the Sierra Sun today. It points out the necessity for using the busses for war effort and urges customers to assist by following a few simple rules which are given in the ad. Bus travelers and potential bus travelers are urged to scan the ad and abide by its message.

### Local Insurance Agents Have War Risk Data

Government war risk insurance expires July 1 and local agents are urging everyone to familiarize themselves with the new policies which are now being issued so that continuous protection may be enjoyed. Mrs. Ametta Cabona and N. F. Dolley are advertising that they will provide details and issue the new policies.

#### In San Francisco—

Mrs. C. A. Ocker is in San Francisco this week.

Miss Laura Kirchner, former local resident who has been ill recently, is a patient in a Berkeley sanitarium.

### Lions Elect Officers, Sponsor USO Here At Weekly Session

#### Lions Club Takes Lead in Raising \$375 Here For USO Campaign

Elden Torani, local grocer, was elected president of the Truckee Lions Club at last night's meeting, succeeding N. F. (Tom) Dolley, who has served the unexpired term made vacant by the departure of C. J. Bowers. Dolley declined the nomination, but was unanimously re-elected first vice president.

Second vice president is A. P. Fontana. Harry Lansberg was chosen Lion tamer, Harold T. Langille, tail-twister, and W. M. Englehart, Sr., was returned to his chair as secretary, a task which he has performed with 100 per cent efficiency for several years.

The board of directors, who will serve with officers, are C. B. White, Glenn Robinson and N. R. Mayfield.

The Lions Club voted to sponsor the USO drive in this district to raise \$375, Truckee's quota in the nation-wide endeavor to provide desirable recreation for the armed forces. C. Edmunds was designated chairman of the committee and will assign the duties for other members.

F. W. Gaenick and N. F. Dolley gave reports on the Santa Cruz convention which they attended and Eben K. Smart, past president of the Grass Valley Lions and candidate for county assessor, spoke briefly as did C. K. Heffren, also of Grass Valley. Dr. J. H. Bernard of Truckee and Earl Nelson of Kings Beach were other visitors.

### Meeks Bay Organization Plans Party On Monday

MEEKS BAY, June 25—The H&W Club will hold its annual Parcel Post Party Monday evening, June 29, at 8 p.m., states Secretary Vera Frazier. There will be games, etc., and a fish pond in addition to the Parcel Post. Refreshments will be served. Everyone is invited to attend and a good time promised to all.

### Cost of Living Lists Must Be Filed By Wednesday

All local merchants are warned to have their price list of cost of living commodities filed with the War Price and Rationing Board prior to July 1. These lists may be filed with C. B. White at the Bank of America building.

The Meadow Lake board has received the following message from Francis Carroll, state director of the northern California office of Price Administration:

"Please use all available channels of public information including newspapers, radio, and trade organizations, to inform all retailers in your area that price lists of cost of living commodities as defined in Bulletin No. 2 must be filed with the War Price and Rationing Board by July first."

### Public Beach at Lake Is Secured by Forest Service

RENO, June 25—U. S. Forest Service officials here announced the recent acquisition of land on the Nevada shore of Lake Tahoe which has been turned over to the Morro National Forest and will be developed as a public recreation area.

Located near the southern end of the lake, the area is in a protected cove and has a good beach. The land was acquired from private ownership. The project is expected to be completed within 60 days.

#### Marriage License—

A marriage license was issued in Reno this Reno to John Rau, Jr., 24, of Norden and Babette Fritz, 19, of Truckee. The couple is well known here, the bride being a telephone company operator here.

## Recreation Camp Under Construction At Hobart For Mather Service Men

Work was started this week preparing the recently vacated CCC camp just north of Hobart Mills to accommodate approximately 200 officers and enlisted men from Mather Field and their families who will utilize the location as a recreation spot. The 200 will be alternated every two or three weeks, under the present plan.

The announcement that the camp would be thus used came from Sacramento through Captain Maurice R.

### Congressman

Congressman Harry L. Englebright representing the second district of California, this week announced his candidacy for re-election. His announcement will be found on another page of the Sierra Sun today.

## : Sun : Beams

by WALTER M. BARRETT

Truckee's quota for the USO for the coming year is \$375. Off hand that might sound like a whole lot of money to be collected along with other vital expense, the customary purchase of war bonds and stamps, taxes, etc., but when you stop to consider that it represents less than \$10 for each boy from this immediate locality in the services, to provide them with a year's recreational privileges, it doesn't sound so big. Truckee and other localities in this area have never yet fallen short of worthy goals and in this particular cause it seems reasonable to assume that we will oversubscribe. We need not go into lengthy discussion regarding the merits of the United Service Organizations. We all understand and fully appreciate what they mean to boys away from home and we are sure that Truckee will not be found wanting when the time comes. The Lions Club in sponsoring the drive is accepting a privilege and duty worthy of the aims of the club.

Perhaps we do not fully realize just what our local airport can mean to Truckee and the surrounding territory. To us it marks one of the most vital issues which the chamber of commerce, in cooperation with the Civil Air Patrol has undertaken in recent months and it would be far more encouraging to those attempting to have it as a permanent asset if a little more public interest was shown. The necessity for the port now with dangers of forest fires eminent is obvious. Later on, at the close of the war, or perhaps earlier, there will be increased air travel, both private and commercial and those centers which boast airports naturally will be the ones to benefit from this type of business. The chamber is working diligently to accomplish a difficult task, a task deserving of united support.

### Ration Stamps for July, August Boosted by OPA

The Office of Price Administration announced this week that the value of sugar ration stamps 5 and 6 had been increased to two pounds each—but each stamp would cover a period of a month instead of two weeks, continuing the weekly ration to each consumer at a half a pound a week. OPA explained that stamp No. 4 now valid for the purchase of a pound of sugar, would expire at midnight, June 27. The next stamp, good for two pounds, may be used at any time thereafter until midnight, July 25, whereupon stamp No. 6 will become valid until August 22.

Coulson, special service officer at Mather Field.

Many of those using the camp will be relaxing after combat duties in the Pacific war zone, it was stated.

Authority to use the abandoned CCC camp seven miles from Truckee and about 100 miles from Mather, has been received and plans to operate the camp are under way.

For several months there has been an attempt to have such a camp so Mather Field personnel can get away from the field occasionally, take their wives and families, and enjoy a good rest. Hobart Mills is accessible by road, air and railroad.

Located in the high Sierra, Hobart Mills provides fishing, swimming, hiking and many other forms of relaxation and fun.

### YOUNG MEN 18 TO 20 WILL REGISTER IN SIGN-UP ON JUNE 30

Local Selective Service Boards are preparing to sign-up approximately 160,000 young Californians in the Fifth Selective Service Registration which will take place Tuesday, June 30. The Sierra Sun office was designated as the registration place in Truckee.

This was announced today at State Headquarters in Sacramento, in a statement that all men between the ages of 18 and 20 years, namely, those born on or after January 1, 1922 and on or before June 30, 1924, are obliged to register.

Local boards and additional registration places will be open between the hours of 7 a.m. and 9 p.m.

State headquarters warns all men within the 18-20 year old age group make every effort to register during the registration period. If, because of illness or other unforeseen circumstances beyond his control, a registrant is unable to register at that time, he must do so as soon thereafter as possible. Willful failure to register will result in severe penalties established by law.

### Ward Sheldon Again Out For County Attorney Job

With this issue of the Sierra Sun, Ward Sheldon, Nevada City attorney, announces his candidacy to the office of District Attorney of Nevada County.

Sheldon is well known to the voters of the county, having lived and maintained an active practice here for the past several years. In 1938 he was a candidate for this office. Although then a relative stranger to the district, he conducted his campaign through the primaries and to the general election where he was defeated by an extremely close vote, in one of the largest elections the county has seen.

The candidate offers himself to the position of District Attorney without apology and upon experience and qualifications acquired through more than twelve years of active law practice. He was born and raised in the great mining districts of the country and educated at the Universities of Michigan and California. After some years of practice at Oakland, he came to Nevada City with his family where they established their home and ever since have entered into the affairs of Nevada County.

In 1938 Sheldon took over the practice of W. E. Wright, who was then retiring, and he has since continued to maintain that office.

Mr. Sheldon states that he is entering the race at the urging of many friends who feel that he is best fitted to carry out the high responsibilities of the office. Having accepted the challenge, he promises to conduct an active campaign and, if elected, to faithfully carry out the duties of his position.

#### In Tennessee—

Mr. and Mrs. H. W. Walker, former Lake Tahoe residents, are now living in Bristol, Tenn., where he is employed.

#### Home Today—

Mr. and Mrs. A. C. Marts and family were expected home from an extended trip to Iowa today.

# EDITORIAL

## ONE-EYED CONNOLLY JOINS UP

One-Eyed Connolly has gone to work in a war factory to help win the war. Connolly takes a job! Connolly, who never worked, who disdained money, who never paid for anything. Connolly—the guy who crashed the Dempsey-Firpo fight by dressing as an ice man and marching through the gate with a cake of ice, who crashed the Dempsey-Carpentier fight by rushing in, clad in a Western Union uniform, and yelling "Telegram for Mr. Dempsey! Telegram for Mr. Dempsey!"

That means this is total war—war to the last ounce of national energy and will. And so will antiquarians of 5000 years hence interpret the history of One-Eyed Connolly. Unravelling today's events from yellowed pages of history, some savant will read of Connolly's job and yell to his high-domed colleagues:

"What a war that was, gentlemen—terrific, titanic, to the death! Even One-Eyed Connolly went to work!"

## LAST ROUND UP

Only a few days to go, Mr. and Mrs. America, in rounding up scrap rubber. It's not too late to canvass attic, garage, basement and closets for this precious material. Anything from bath mats to rubber shoes, from old garden hose to drain plugs, collected and delivered to your nearest gasoline filling station will be acceptable.

From the Army's midget scout car, using 339 pounds of rubber, to the Navy's giant dreadnaughts, requiring 75 tons of it, our fighting forces must have first call on our lean supplies of this strategic war necessity.

As President Roosevelt has said, "One thing we can be sure of—we are going to see that there is enough rubber to build the planes to bomb Tokyo and Berlin—enough rubber to build the tanks to crush the enemy wherever we may find him—enough rubber to win this war."

Whether gasoline rationing becomes necessary to slacken the pace at which we're burning up rubber on the highways is a question you're going to help decide. The deadline on the rubber salvage campaign is fast approaching. It's time to make that last round-up for the Stars and Stripes.

Pierre Laval, confronted by Hitler's agents with demands for an enormous and immediate contribution by French labor to the German war effort, has been called upon to "produce" or else. The last thing quisling Laval can produce is the loyalty and cooperation of the people of France.

## MY PLACE IN THE SUN

by DOUG BARKETT

This week "Dad" Loynd went back to Utah. We were all sorry to see him go. Those of us who knew him feel the loss of a man in every sense of the world. He was of the stuff of pioneers. The man's stature—large as it was—was small compared to his character's greatness. I know many folks who knew him and yet I do not know of a single enemy he had. "Dad" Loynd has left this mortal world but his sons, Peanie and Walt and their three brothers, and in his grandchildren he leaves a monument worthy of a great American. He was a good husband, a good father, a good neighbor and a good American. So long as we feel the power of great men like Joe Loynd in this country, we need have no fear of the power of little men like those who rot at the Axis. To Joe Loynd, then, I take off my hat and pray that he will enjoy as full a life where he is now as that he left behind him.

This week the Hon. Harry Lane Englebright announces his candidacy for re-election as Congressman and at this point I would like to give my reasons for supporting his candidacy. The opposition has thrown everything at him but the kitchen sink (that was tied down) and has succeeded only in smearing itself. Their most vehement charge is that Harry is a Republican. That is true, but then he has been a Republican all his life—in 1930, 1932, 1934, 1936, 1938, and 1940—and no point was made of it. In each of those "Democratic" years he was returned to office by increasing majorities because of his proven ability to represent the people of the mountains of California. Harry is a man justly proud of his reputation of integrity and ability. He is one of the foremost advocates of conservation of natural resources, he is an expert without peer on fires and flood control, and while the opposition cries "Reactionary!" they purposely ignore his votes on and active support of the anti-lynch bill, the CCC, the Central Valley Project, farm parity and the ever-normal granary. These they must have known of for they went through his record with a fine-tooth comb to find points of attack—and they found him. Any-

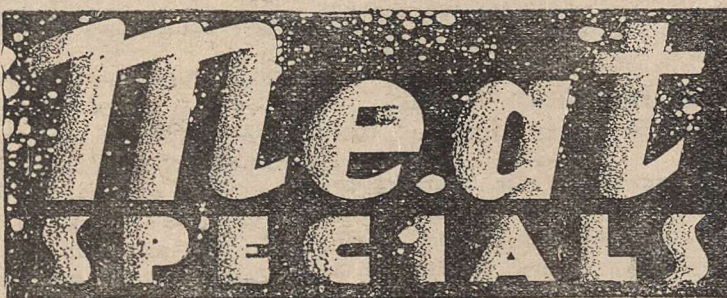

who has been on a job as long as Harry has and doesn't make a few mistakes is not doing anything. It is easy enough to be a prophet in retrospect but to set in judgement on the future and act accordingly is a Herculean task which Englebright has performed with alacrity. Though he is of the minority, his influence in Congress is great and his championship of his district is a matter of record. He fought single handed against the entire Nevada delegation to secure the navy base at Tahoe and we of the Tahoe-Sierra district have never asked his support of a worthy project and been refused. He deserves the support of his constituents and I believe he will get it.

STREET SEENS: Mr. and Mrs. Harry Bretthauer back in town after an extensive trek of the points of the compass... Elden Tonini proudly surveying his nine blooming lilac bushes and new lawn... Jack Thornton working his shoulder to the bone holding up his dad's garage... Geo-Kamp, the movie projector operator for Donner Theater, has gone Hollywood on us and taken to wearing dark glasses... Verna Pearson chatting with a couple of the boys in front of the telephone office in a Fuzzy-Wuzzy formal... Jim Preston lugging a Truckee River derrick on the main drag... Truckee's woman butcher, Mrs. Ben Lewis, looks for all the world like a woman doctor in her smock... Tom Doley, Frank Titus and Charlie Pierce all hell-bent for election.

Aldy Anderson the Younger this week turned in 815 pounds of scrap rubber to Bob Bowers' station here. Not a lad for half-way measures, Andy invested the resultant cent-a-pound in was savings stamps. This seems a fine point to bring in the ancient invocation, "Go, and do thou likewise."

Just a reminder to the young bucks of Truckee and Tahoe: June 30 is the date that men between 18 and 20 sign up for Selective Service. If you were born on or after January 1, 1922 and on or before June 30, 1924—brother, you're it! The Sierra Sun office in Truckee and the E. W. Bliss home in Tahoe City are the places. The hours are from 7 p.m. to 9 p.m.

## Army Opportunities

Sgt. W. W. Josephson, substation commander of the U. S. Army Recruiting Station, Room 403 Post Office building, Reno, Nev., announces a new vacancy for the U. S. Army Air Corps.

The army is accepting applications from men 18 to 34 years of age, inclusive, for assignment as glider pilots.

This is another chance for desirable men to serve their country, as well as being assigned to the branch of service of their choice. Full particulars may be had by writing or applying to the above Reno office.

Enlistment opportunities are also being offered in the army's parachute troops.

If you are between the ages of 18 and 32 inclusive, are in good health, are alert, supple and weigh not more than 185 pounds, have a minimum vision acuity of 20-40 with each eye and can pass the regular requirements for enlistment in the army, you are eligible.

New parachute troops are being formed now, there is no waiting, no delays. Call at or write U. S. Army Recruiting Office, Post Office Bldg., Marysville, California.

## Gas Attack Etiquette

by DR. WARD L. MOULD  
Medical Gas Officer  
U. S. Office of Civilian Defense

This article will present a few simple rules by which injury by war gases may be prevented or modified. If mustard or lewisite are used, the most serious injuries will result from the liquid agent. Therefore, during a raid, remain inside, or go inside if you are out of doors.

Remember that war gases are heavier than air, and will cling to the ground. You can get away from the vapor by going to the upper floors of a building and by avoiding basements and other low places. Even after a raid, it is better to remain inside the upper floors of a building than to try to leave the gas area unless so directed. Your air raid warden will guide you to safety when it is safe for you to move.

**Basic Rules for Self-Aid in a Gas Attack:**

1. Self-aid is the best aid for the prevention of injuries due to war gases. War gases are usually not dangerous if you take steps immediately to remove them from the skin and eyes. Effective means to accomplish this are in the kitchen and bathroom of every home.

2. If you are inside a building, remain there and go upstairs. Do not leave your house unless it is absolutely necessary. If you are outside and not able to get indoors, immediately run—don't walk—to get out of the gas area. Avoid puddles of liquid

gas, basements, valleys and other low places.

3. If you have been exposed to a war gas—

a. Breathe through cloths wet with baking soda solution.

b. Get inside a building if possible, but first remove your outer clothing and leave it outside.

c. Wash your hands first, and then your face, with laundry soap and water.

dd. After cleaning your hands, wash your eyes at once with a large amount of a solution of baking soda; one teaspoonful of baking soda to a glass of water.

e. Take a bath, using plenty of laundry soap.

f. Wash your eyes again with baking soda solution.

4. If splashes of liquid gas have gotten on you—

a. Using small pieces of cloth, cleansing tissues or toilet paper, blot up as much of the liquid as you can, being careful not to spread it.

b. Daub the contaminated area with cloths wet with bleaching solutions containing sodium hypochlorite, such as Clorox.

c. Follow directions b, c and d in 3 above.

5. Never get excited. Lie down and cover yourself with a blanket. Medical aid is on the way. There is no immediate serious danger from exposure to any known war gas.

# DALE CARNEGIE

Author of "How to Win Friends and Influence People"

## THE CITY AND THE COUNTRY

I received a letter this morning asking whether or not I thought the average person living in New York city was smarter than the average person living in small towns. This letter reminded me that I too used to believe that the city man had every advantage.

I did not see a street car more than four or five times before I was 20 years old and, because I had spent all those years milking cows and plowing corn, a city seemed to me like a vast fairyland, palpitating with glamor and throbbing with romance.

I felt that people in a great city like New York must be far superior to us farmers. It took several years of living in a city to teach me how wrong I was. I have lived in New York city for more than a quarter of a century now, and I can assure you that the average intelligence of the citizens of Smith River, Kas., is probably higher than the average intelligence in New York city. One adult out of every 24 in New York city can neither read nor write.

Owen D. Young, the guiding genius of the General Electric company, told me that some of the smartest men he had ever known were the old farmers back in the community where he was born in New York state.

I have often been amused at the native New Yorker's ignorance re-

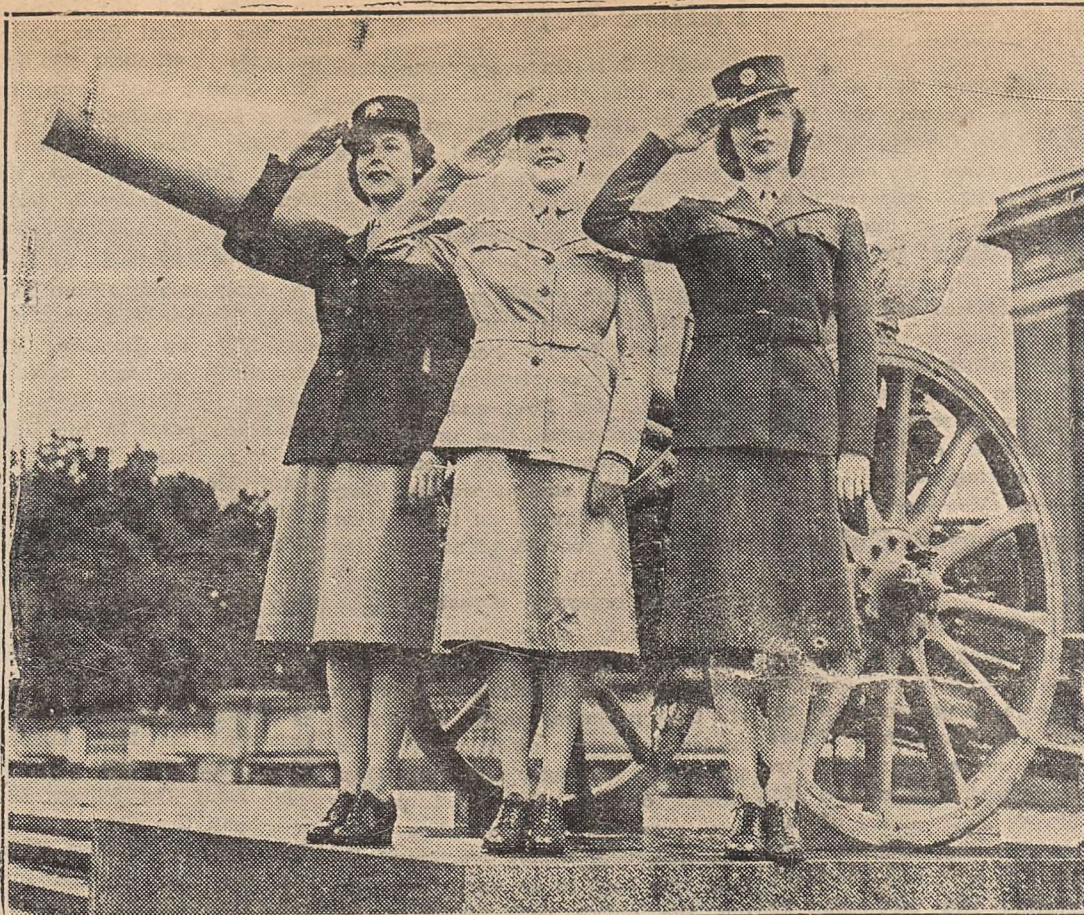

garding the farm. For example, I once asked a group of 40 successful New York businessmen whether a heifer is a male or female. Two-thirds of them didn't know.

I recently asked a woman who had been born in New York and had attended college there, how cream got on top of the milk. She confessed that she had never thought about it. Finally, she guessed that it was put there by a machine. I then asked where people got the cream to put in the machine. Again she was bewildered.

"I suppose," she answered, "that some cows give milk and others give cream."

I always feel sorry for a child who must of necessity be reared in a great city, with little chance for freedom of movement and natural expression. I am glad I spent my childhood out among the horses and cows and hollyhocks and clover. I still own a Missouri farm and I love it. There is an old and true saying that goes like this: "You can take the boy out of the country, but you can't take the country out of the boy."

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

W. A. A. C. OFFICERS' UNIFORMS—This is how the officers of the Women's Army Auxiliary Corps will dress. Left to right—Gloria Picket in a winter uniform; Bettejane Greer in summer outfit of cotton twill, and Inga Runvold modeling the Auxiliary's winter uniform. They will wear khaki in summer and dark olive drab in winter.

## Englebright Seeks Re-Election to Post

To the people of the Second Congressional District of California:

I am a candidate for re-election to Congress from the second congressional district of California.

Our country is now engaged in a great war. Justice and decency, democracy and freedom are opposed by the wicked forces of ruthless aggression, tyranny and slavery. We have pledged our fortunes, our lives and our sacred honor in order to bring about victory to the United States and its allies, and to defeat Hitlerism and the treacherous Japs.

Our victory must be complete, conclusive, decisive. We must dictate the terms of the Peace.

There is one common task confronting our people, confronting the Congress and confronting the President of the United States—it is the task of turning all of the man power, all of the strength, all of the resources of our country toward the production of guns, planes, tanks and ships, to win this war—and to win it as quickly as possible.

The war effort must be conducted with the utmost vigor and efficiency. All elements of delay or waste must be eliminated speedily.

I am dedicated to all these objectives.

The President, by the constitution is Commander-in-Chief of the army and navy. He is charged with the conduct of the war. He has had and will continue to have my full and complete cooperation.

I have supported and voted for all war measures and appropriations and will continue to do so.

After the war has been brought to a victorious conclusion, as it will be, the responsibility of this Nation cannot be circumscribed within its territorial limits, and as a Nation we

have an obligation to assist in bringing about an understanding and cooperation among the Nations of the world. We not only must aid the world to survive the war—we must aid the world to survive the Peace.

As your representative in Congress, such will be my purpose.

The second congressional district of California covers a vast area. It is a rich storehouse of natural resources and raw materials, unexcelled by any other like area in the United States! Its minerals and metals, its forests, and timber products, its sheep and cattle, its agricultural products, its hydroelectric energy, its industrial pursuits and other activities must be expanded and brought as quickly as possible into maximum production and coordinated in the war effort. The expansion of the district's industries will be the basis of a permanent and increased prosperity for our various communities and localities after the war.

Having been born and raised and lived all my life in the district, and through my work as a mining engineer, and as your representative in Congress, I am intimately acquainted with every section of the area. I have been closely associated with and have made an intensive study of its resources, its developments, and its activities. I am thoroughly familiar with all our multiple problems. This study and knowledge have enabled me to effectively advance your welfare.

You, the people of the district, know of the many large projects and developments that I have brought to this district and of the other important benefits of all kinds that you have received through legislation that I have introduced and have had enacted into law, and thru legislation

## Enemy Alien Is Arrested In Sierra

SAN FRANCISCO, June 25—(U.P.)

The federal bureau of investigation reports the arrest in Strawberry Sierra County, of Albert Arthur August Schulz, unregistered German alien who said he would refuse to fight against the country of his birth.

Schulz had a "small arsenal" in his possession at the time of arrest, including a .32 revolver with 75 rounds of ammunition; a .22 rifle with six rounds; 6½ sticks of dynamite; 12 blasting caps; 50 feet of blasting fuse; 300 primers and a flashlight.

I have supported. I intend to continue my fight in the Congress, for the advancement of the great mining, agricultural, live stock, lumber and hydroelectric and other industries and interests of the district and to assist in making their products available to the war effort.

With reference to the bill for the so-called pensions for senators and representatives in Congress, I voted against such a proposition on a teller vote in 1939, I did not vote for the bill passed this year, and as the record will show, I voted for the repeal of the law.

Due to the emergency and the war the Congress has been in almost continuous session for the past three years. Therefore, except for a few brief official trips to California, I have been unable to make my usual visits and tours throughout the congressional district. I have remained in Washington during all of this period to protect your interests.

The war has brought to me many congressional responsibilities and duties of vital importance to the people of our district. It is difficult for me to determine when I will be able to be in California and I, therefore, will have to ask my friends throughout the district to care for me in the coming election.

HARRY L. ENGLEBRIGHT.

# ONLY ONE STOP

## It's The Law!

to save precious rubber for the war effort, the director of Defense Transportation issued a general order to service industries which says:

- 1.—We cannot make more than one stop at each customer's residence in any one day. This means to pick up your laundry, your bundle must be ready and available when we call. To deliver your laundry, we must make collections at the time of delivery. If these rules are not complied with, we must postpone delivery or pickup until the next day.
- 2.—We cannot give any special delivery service. This means any requests, other than our regular delivery service, cannot be granted.
- 3.—We must reduce our truck mileage 25 per cent each month below what it was the same month last year. This means we must re-schedule our delivery service in each territory.

This is a government order, we must comply with it

The inconvenience caused by this order will mean a sacrifice to both of us. But we feel that it is a small sacrifice, because it will enable us continue to serve you and at the same time help our nation in its effort to win the war.

### Few Contests In Placer For County Positions

Only three Placer county officials are faced with opposition in the coming election on August 25. Sheriff Charles Silva will be opposed by Russell Carter, former Roseville chief of police. District Attorney Lowell L. Sparks will be opposed by L. DeWitt Spark of Roseville. Clayton Goodpastor of Roseville and George D. Lothrop of Auburn will contest for the county recorder job. Unopposed in the election are Assessor S. Guy Lukens, Auditor William R. Stephens, Clerk Lillian Rechenmacher, Coroner and Public Administrator Francis E. West, Superintendent of Schools Elwyn H. Gregory, Surveyor J. A. Shields, Tax Collector Lou P. Mohan and Treasurer Sam Dunton.

Supervisor John E. Boyington of the second district is unopposed as are Justice of the Peace E. W. Bliss and Constable Harry Johanson of Tahoe City.

### Tavern Opens for Season With Green As Manager

TAHOE CITY, June 25—Tahoe Tavern will open its doors to the vacationing public on June 25, with Matt Green as manager. Mr. and Mrs. Romey Mirault have returned, Mirault to serve again as resident manager. Nat Head will be assistant manager.

Tim Butler will again be in charge of the shows and Mrs. Rose Boyardes will run the laundry, reporting for work on Tuesday.

The Tavern golf links are in excellent shape, despite the earliness of the season, the first golfers being seen in play over the past few Sundays.

On Monday some of the horses of the Tavern stables arrived, including some Shetland ponies and a cart for the tiny tots.

Mrs. Cecil Davis, who operated the Tavern Beauty Shop last year, will not return this year, remaining at her shop in the Huntington Hotel in the south. Her daughter, Dorothy Davis, now Mrs. Ben Ross, with her husband and two children arrived at Tahoe on Monday. They will occupy the Butler cottage in the Bittercourt Tract for the summer and she will open the beauty shop for the season.

Two Tahoe ladies will be employed at Tahoe Tavern this year. Mrs. Harry Johanson will be cashier in the office and Mrs. Jessica Huston has accepted a position as stenographer.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every day.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

### Lake Red Cross Meeting Has Light Attendance

TAHOE CITY, June 25—Only a few ladies were present for Red Cross sewing at the Community Center last Tuesday, some new bed jackets and outing flannel pajamas having arrived in the last quota. Old felt hats are needed to be used in making children's slippers.

No swimming classes will be given this year, according to Mrs. Bliss, due to the difficulties of transportation. Watch caps and sweaters for the navy are the present assignment for knitters. Mrs. A. A. Snyder is in charge of the sewing hour.

### Hamiltons, Guests Enjoy Fishing Trip to Rubicon

TAHOE PARK, June 25—The crowds which thronged the Tahoe region over the past week end brought a small measure of prosperity to resort owners. At Hamilton's Tahoe Lodge many from southern California were registered. One couple, Mr. and Mrs. Frank J. Rubenski of Sacramento, were honeymooners. The groom's father is a Truckee resident.

An interesting trip was made by another guest and Mr. Hamilton. The guest, Frank Lewis, manager of the Dixon Bank of America, who with his son and wife, sojourned for ten days, made a trip back into the Rubicon district to fish. They drove back some miles on the road and then had to park and walk the rest of the way. Their love of angling was certainly proven when they took along a cross cut saw and patiently sawed in half trees which had fallen across the roadway. The pair left home early in the morning and returned about 9 o'clock that night. They found ice 7 feet thick on some of the small lakes of the region but were rewarded with a catch of 21 lovely Eastern Brook trout, all ranging from a pound upward.

Local fishermen still continue to bring in imits of big ones from the lake and nice catches in the streams. Monett Hamilton, Jr., 18, son of the Hamiltons, has been a member of the U. S. Navy since June 1, having enlisted in Los Angeles. Last heard from he was stationed at San Diego. All winter he has been working ten hours a day at Consolidated Steel in Los Angeles, then attending Polytechnic school in the evening, taking up aerial machinist's courses. His Tahoe neighbors probably would not recognize him as he now weighs 180 pounds, and stands 6 ft. 1 inch. He and a friend were at Tahoe a short time in May.

Mr. and Mrs. Charles Swanson on Saturday motored to Reno where the members of the family gathered at the home of Mrs. Phyllis Carroll for dinner. Present were Mr. and Mrs. William Steenis, Sammie Lee Carroll, Val Johnson and the Swansons.

### Tahoe Schools

School's Out! On every youngsters tongue is this glad refrain this week. Grammar grades let out on Friday last week and high school on June 24. Refreshments and a dance wound up the school season on Wednesday evening in the auditorium.

On Tuesday night of last week the eight grammar grade graduates and two invited guests, Paul White and Sally Cross, former class members, enjoyed a day of picnicking at Meeks Bay Beach. Mrs. Dyer and Mrs. Gallinger chaperoned the group and Miss Edna Wheat drove them down in the family station wagon. They rowed kiyaks, danced on the outdoor platform and roasted wieners around the fire later in the evening, making it a most enjoyable occasion.

The variety show, My Book of Favorites, staged last Friday night in the school auditorium by members of the grammar and elementary grades, under the direction of Teachers Myrtle Gallinger and June Dyer, proved one of the most popular ever produced on the Tahoe stage. The audience, which overflowed the hall, was kept in an uproar throughout the entire performance as the tiny tots, dressed for their parts, portrayed the various characters of the beloved tales of childhood. Two selections, The Prom and Plantation Echoes, were well rendered by the school orchestra under the direction of Otto Fox. The play, Book of Favorites, was followed by the chorus of Memories. Then followed Puss

in Boots with tiny Stanley Martin, Jr., the comical Puss who kept the audience in stitches; solo by Blodwyn Tiffie, Alice Blue Gown; Love's Old Sweet Song, carinet solo by Barbara McCune; The Reluctant Dragon, Peter Twilight; Wagon Wheels by Ned Stuart; patriotic recitation by eight boys, The Flag Goes By; the Pledge of Allegiance by the audience and song America; Tom Sawyer played by Dennis Moore and a group of six; Hilo, an Hawaiian dance performed in authentic costume like a veteran by Shirley Moore, who lived for seven years in the Hawaiian Islands; recitation, The Owl Critic, by Betty Renner; Drink to Me Only With Thine Eyes, violin solo by Robert Shumacher; Juanita, trumpet trio by Billy Callender, Dennis Moore and Robert Stark; Carmela, Spanish dance by Peg E. Stuart; Moonlight and Roses by five girls; Robin Hood played by Billy Callender, prologue by Georgia Wallace. Diplomas were presented by Mrs. Gallinger, with Mrs. Bliss Hinkle extending greetings from the Placer Union High School in the absence of class president Robert Wathen. She stressed, not the rosy outlook for the advancing students, but the need for more stringent application to learning and added determination for the newer generation to prepare them for the roles of leaders in the new world being formulated.

Mrs. Bliss Hinkle, principal of the Tahoe high school, this week reminded parents and guardians of children wishing to work through the vaca-

### Tahoe Fire Crew Controls Fire After Eight Hours

TAHOE CITY, June 25—The Tahoe Park forest service crew, under the direction of Fire Warden T. M. Arntzen, was called Monday afternoon to fight a fire between Burton Creek and San Antonio Meadows, northwest of the Tahoe fish hatchery.

The fire was spotted about 2 p.m. and the crew of five fought it until 10 p.m. when it was brought under control. It was a "smoker" fire and burned over about a fifth of an acre. The absence of wind materially aided in fighting the fire as there was much inflammable material in the vicinity.

tion that a permit must be issued by the local school authorities before he may seek employment, and violation of regulations may lead to a misdemeanor charge carrying fine or jail or both may be placed against the offending parties. Permits must be secured before a minor is permitted work. Hours of employment are limited to 48 in any week and 8 in any day; not before 5 a.m. or after 10 p.m. in any occupation. This applies to all under the age of 18.

Mrs. A. M. Anderson is in receipt of letter this week sent her by Randolph C. Walker, long a friend of local school children and now president of Aircraft Accessories Corporation of Kansas City. He writes suggesting that Tahoe children of all ages and classes institute a plane building contest for which he and Mrs. Walker will donate \$50 for awards. Mrs. Anderson has referred the matter to the Tahoe Community Center. Details of the contest will be announced at a later date.

### Kingsbury Grade 'rom Tahoe to Minden Is Open

Kingsbury grade, leading from the southeastern side of Lake Tahoe to Minden on U. S. 395, is open, reports the National Automobile Club. The road is dirt and gravel surface, quite winding and with a few steep grades. It saves mileage between the above points, but is advisable only to experienced mountain drivers. Clear Creek Road, north of Kingsbury, is further but offers better and wider road surface with easier grades.

### Truckee Forestry Man Is Instructor in Fire Fighting

TAHOE PARK, June 25—On Sunday last Nelson Stone of the Truckee Forest Service served as instructor to a group of Tahoe men who gathered at the Tahoe Public Camp for technical training which in time of disaster will enable them to supervise crews. Back into the hills they went, accompanied by Mark Edmonds of Nevada City, assistant supervisor of Tahoe Forest, guest of the day, and for three hours or more were shown the latest methods of fire suppression and control. Following their instruction they were invited to partake of a tasty steak dinner prepared by Chef Moccock of the local forest service. Those participating were Fire Wardens T. M. Arntzen and Nelson, Edmonds, Ivan "Shorty" Astle and Rube Welch of Kings eBach, George Tiffie, Theodore Schleuter, Lee Garner, J. E. Pomin of Idwild, Bob Wallace and Joe Henry all of Tahoe.

**WARTIME TRAVEL**  
is not "As Usual"

The pleasant days of travel "as usual" will come again. But right now the war job comes first—and the traveling public must expect some inconvenience and delay. Greyhound is cooperating fully

with the Office of Defense Transportation in Washington, D. C., to provide essential service for all those who must keep rolling to keep America rolling—selectees, fighting men and war workers.

### THIS NECESSITATES:

- Operating only essential service.
- Eliminating extra buses if not sufficiently loaded.
- Reducing operating speed and eliminating fast, limited schedules.
- Establishing cooperative service with other companies over certain routes to reduce bus mileage.
- Conserving rubber and other vital materials by the above and other means.

### HOW YOU CAN HELP:

- Make your trips short—as close to home as possible.
- Travel only during mid-week—Tuesday to Thursday. Week-end travel is congested by military personnel and war workers.
- Carry as little baggage as possible.
- Be lenient if there is any inconvenience, delay or crowding.
- Think twice before taking any trip—postpone it if you can.
- Buy U. S. War Bonds and Stamps.

**THE WAR EFFORT COMES FIRST!**

# LAKE TAHOE NEWS

(BY SWANEE)

Telephone Tahoe City 66J

## SELECTIVE SERVICE SIGNUP SLATED JUNE 30 AT BLISS HOME AT TAHOE CITY

TAHOE CITY, June 25—The Fifth Registration under Selective Service on Tuesday, June 30, 1942, between the hours of 7:00 A. M. and 9:00 P. M. will be held at the residence of Mrs. E. W. Bliss, corner of Grove Street and Main Highway in Tahoe City.

Every male person—citizen or not—residing in the United States, other than those exempted by law, who were born on or after January 1, 1922 and on or before June 30, 1924, will be required to register at that time.

## Survivor of Coral Sea Battle Visits At Tahoe

KINGS BEACH, June 25—An honored visitor this week at his parent's home on a ten-day leave is Gordon Bitler, 19, aviation metalsmith 3rd class, son of Mrs. Earl Nelson. He is another of the lucky boys who escaped from the ill-fated Lexington, and a wearer already of five tsars. The navy has certainly agreed with him as he now weighs 194 pounds and stands 5 feet 11½ inches.

In the same household is another patriot now stationed at the Naval Air Station in Bermuda. He, too, is an aviation metalsmith (1st class) and well known at Tahoe where he attended schools. He is 27-year-old Ray Nelson and is married. Word received from him this week states his wife may come to Tahoe for the duration to remain with the Nelsons.

## Lake Boat Races Cancelled, States Letter from Fuller

TAHOE CITY, June 25—Dave Chambers this week received a letter from Commodore Frank Fuller of San Mateo, head of the Tahoe Boat Club, that the Tahoe motor boat regatta have been cancelled this year. These races have been an annual affair at the lake for many years, being alternated between Chambers Lodge and Tahoe Tavern each season.

## Tahoe Socialites

by SWANEE

Mr. and Mrs. Earl F. Walker of Santa Barbara arrived on Monday to occupy their attractive summer cottage in Timberland Tract for the summer.

Walter Roundsevel, former Tahoe Tavern manager and new owner of Forest Inn on Ward Creek, was another Monday arrival, planning to visit briefly. He declared at this writing he does not plan to open the popular dining room for the summer.

Mrs. John Reedy and her sister, Miss Arph McDonald of, San Francisco are now occupying their summer home in Timberland Tract, having arrived on Wednesday.

Mrs. Virginia Moore of the Tahoe telephone exchange, spent the week end visiting her parents, Mr. and Mrs. J. E. Herron, in Modesto.

Mr. and Mrs. Ralph Frank Walker of Unalgi departed on Wednesday last for Santa Barbara after having received word of the anticipated passing of his aged mother who lived at the Hotel Corlance there. She died about noon on Wednesday with burial services taking place on Saturday. The Walkers plan to return to Tahoe this week.

Mrs. Elsie Druhn of Unalgi observed a birthday on June 16, she and her husband being guests for dinner that evening of the Charles Swansons.

Secretary of State Paul Peek and family are now at Tahoe where the family will enjoy a vacation. Peek will visit them weekends at their home in the Cedar Flat district.

Mr. and Mrs. A. M. "Red" Anderson, and family are anticipating the arrival of his sister, Mrs. Aubrey Smith, her husband and son, Gary, who arrive on Monday from Butte, Mont., for a visit of a week or so.

Dr. H. H. Searls enjoyed the week end at the family home near Carnell Bay. Mrs. Searls accompanied him back to the bay area when he returned home.

Mrs. Grover Todd has returned from a visit of several weeks in Long Beach, her mother, Mrs. Edith Hargrove, returning with her for an indefinite stay.

A celebration resembling old home week took place on Saturday night last when various Tahoeites returned to visit families here. Among them were Miss Beccy Brodehl, just home from Seattle; Robert Pomin, up to visit his wife at two children, vacationing at both grandmothers' homes; Mrs. J. E. Pomin and Mrs. D. M. Brodehl; Douglas Smith came up from Sacramento and on Saturday night Beccy, Doug, Robert and Violet Pomin, Carl Bechdolt, Jr. and wife, Elsie Bell, Jack Starratt and Pete Blann of Woodland enjoyed a merry whirl at Cal-Vada for the evening.

Mr. and Mrs. Don Gilmore of San Francisco are enjoying a vacation at their lovely home near Dollar Hill.

Miss Donaldine Grass and a friend from Sacramento week-ended at her cottage atop Dollar Hill.

Mr. and Mrs. Louis Niellon of San Francisco were houseguests of the Rudolph Zimmermans at their lakeside home in the Sunnyside district over the week end. While they were here, the new barbecue pit was initiated with an outdoor dinner.

On Friday the Zimmermans will leave for San Francisco where they will await the arrival of their daughter, Ruth, who is at present on tour with a party of her sorority sisters (Chi Omega) of University of Colorado. The girls, who have visited in New York, Chicago and other eastern cities, at this writing are at

## MRS. MAYFIELD ELECTED WOMANS CLUB PRESIDENT AT MEETING ON THURSDAY

TAHOE CITY, June 25—Members of the Tahoe Womens' Club met last Thursday in the local community hall where election of officers was the order of the day. Mrs. Ruth Mayfield is the club's new president, with Mrs. Northrup Pomin vice president, Mrs. Marie Henry treasurer and Mrs. Eleanor Swanson secretary. Directors will be appointed at the next business meeting of the club on Thursday, July 2. Mrs. Della Goss baked a cake for the ladies which was served with tea at the conclusion of the meeting.

Mrs. Beulah Carnell, the club's retiring president, was given a dinner-bridge party on Wednesday afternoon, only club members attending. A lovely gift was presented her by the club in recognition of her work during the past year.

On Friday night a card party will be held, the general public cordially invited. It will be held in the community hall at 8:00 P. M. Tickets will include refreshments and awards. Bridge and pinocle will be played.

## Bacchi's Italian Restaurant To Open On Saturday

LAKE FOREST, June 25—On Saturday, June 27, Bacchi's Italian Restaurant at Lake Forest will hold its official summer opening. A special full course Italian dinner is to be served. Reservations are requested in advance if possible.

Mrs. Sara Bacchi Hunter will act as manager this year, her brother, Frank, formerly in partnership with her, is now working in Sacramento. Mom and Pop Bacchi will be on hand to welcome old friends and new. Bar service is now open.

## Kings Beach Fire Fighters Keep Equipment Busy

KINGS BEACH, June 25—The Kings Beach fire department has had three fires to suppress since its establishment, all of which were "smoker" fires. None were serious, but the real value of the new truck service under Lyle Smith was thrice proven, as good as 20 minutes, the time it takes the Tahoe City crew to get there, was saved in each instance. They occurred first in the back of the dump ground, second in back of Bert King's place and third on Sunday near Ketman's at Agate Bay.

Fire Warden T. M. Arntzen arrested two homeowners last week for burning brush without a permit. The first was V. Downs of Homewood, who was cited and fined \$15 by Justice of the Peace Evelyn Bliss at Tahoe City. The second offender was H. H. Mathews' of Homewood and Sacramento, who was also fined \$15—\$10 being suspended.

Miss Lela Swanson of San Francisco, niece of the Norman Mayfields, is visiting at the Mayfield home for a few days.

tending a convention at Buck Hill in Pennsylvania. They plan to return home by way of the Canadian Rockies and arrive in San Francisco on or about July 4. Miss Zimmermann will accompany her parents back to Tahoe for the summer.

## Tahoe Kwikies

On Monday the lake level stood at 6228.95 with 1300 CSF of water leaving the gates. W. A. Simmonds, in charge of the dam at Tahoe City declared he believed control of the high water would be achieved with a minimum of damage to properties on the river and lakeshore.

Mrs. J. V. Riolo of Kings Beach is having completed a new living room adjoining present quarters, which contains a massive rustic fireplace with a broad ledge at one side, for trailing potted plants. A new store room has also been built at the rear.

Mr. and Mrs. Bob Adam and two sons visited briefly at the Ward Creek Camp on Monday, remaining overnight on their way to San Francisco where he plans to seek employment. They have been caretakers at Conway Summit Lodge for the past five months.

Miss Helen Worden, who recently accepted a stenographer's position in an Oakland bank, has been seriously ill with a bad cold at attack of bronchitis. After being confined to her bed for a week her parents, Mr. and Mrs. Henry Worden motored down to see her. Upon their arrival they had her removed to a Berkeley hospital for special care, where she will remain until recovered. Mrs. Worden remains with her.

Rev. Father John Terwiggler is assisting Rev. Father Daly of Truckee this summer, having conducted Mass at Tahoe last Sunday.

Herb Obexer, on of Mr. and Mrs. Jake Obexer of Homewood, has been accepted in the Naval Reserve. He is now finishing his courses at University of Nevada.

The rubber salvage campaign at Tahoe continues on successfully. Some 5000 pounds of rubber were taken away by truck on Wednesday afternoon last at Carl Bechdolt Jr.'s station in town, with daily pickup continuing around the lake region.

Harry Johanson last week was elated to receive from Karlstad, Sweden, the first letter he has had from his sister and mother in more than a year. He learned, among other things, that one nephew is an aviator, fighting in the Finnish army and that his folks have no tea or coffee available. He sent generous amount to them in specially constructed boxes, dividing the shipment just in case one ship should not reach its destination. The letter took five weeks to reach him.

A plane was reported to have fallen into the lake on Saturday last, although nothing has been heard of its whereabouts here. Rescued by Mrs. Wynne Taylor of Piemont who happened along in her motor boat, Pilots Earl Edwin Shively of Waterford and John Harris Challeng of Helmar seemed none the worse for their experience. They had rested the plane for an air tour.

A letter from Faye K. Russell of Auburn to Librarian Anne Anderson of Tahoe urges that booklovers who are enjoying the privileges of our local library should send in letters of commendation and appreciation to their County Supervisor, Jack McFadden, at Auburn voicing their approval and urging that this valued service be continued and improved as funds are made available.

Mr. and Mrs. William Wathen and son and Mr. and Mrs. Willis Hevel, until recently employed at the Lora Knight estate, are back in Tahoe City. The Hevels, who sold their two homes in town to the Lee Garner, are reported to have effected a transaction whereby their homes were returned to them.

Mr. and Mrs. Robert Watson were guests of the Capt. John Kvistbergs of Tahoe Park on Sunday last.

## NOTICE TO CONTRACTORS

Sealed bids will be received at the office of the State Highway Engineer, Room 373, Public Works Building, Sacramento, California until two o'clock p.m. on July 15, 1942, at which time they will be publicly opened and read in the Assembly Room of said building, for construction in accordance with the specifications therefor, to which special reference is made of portions of the State Highway as follows:

Nevada and Sierra Counties, between Farad and Nevada State Line (III-Nev. Sie-38-B, A), about three (3.0) miles in length to be graded and surfaced with crusher run base and plant-mixed surfacing.

THIS IS A NATIONAL DEFENSE CONTRACT UNDER DEFENSE HIGHWAY ACT OF 1941

PRIORITY NOTICE. — Office of Production Management, Division of Priorities, Administrative Order No. 12, transmitted by letter dated January 7, 1942, indicates that a Priority Preference Rating of A-4 will be assigned to this project to obtain materials and equipment required for the completion thereof.

Bidders are informed in advance that recent rulings of the War Production Board subsequent to the above Administrative Order, prohibit the extension of the preference rating for this project to the purchase of equipment but permit the purchase of repair parts for equipment when such repair parts cannot be obtained under Preference Rating Order, No. P-100.

Before submitting bids on this project, Contractors are required either to own or to have access to sufficient equipment to complete the project.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done as follows:

Classification	Skilled Labor	Rate per Hour
Asphalt mechanical finisher operator		\$1.50
Asphalt plant mixer operator		1.25
Carpenter		1.375
Concrete mixer operator (except paving)		1.25
Mason		1.75
Mechanic (trouble shooter)		1.50
Motor grader operator		1.625
Operator of power shovel or other excavating equipment, shovel type controls (up to and including one cubic yard)		1.60
Operator of power shovel or other excavating equipment, shovel type controls (over one cubic yard)		1.75
Powderman		1.0625
Roller operator		1.50
Tractor driver		1.50
Truck driver (18 cubic yards water level capacity or more)		1.4375
Truck driver (14 cubic yards and less than 18 cubic yards water level capacity)		1.3125
Truck driver (8 cubic yards and less than 14 cubic yards water level capacity)		1.25
Truck driver (4 cubic yards and less than 8 cubic yards water level capacity)		1.0625
Intermediate Grade Labor		
Asphalt plant driver or fireman		1.25
Concrete vibrator operator		1.00
Jackhammer operator		1.00
Oil distributor bootman		1.00
Other power shovels or cranes		1.10
Truck driver (less than 4 cubic yards water level capacity)		0.90
Unskilled Labor		
Flakmen		0.875
Laborer		0.875
Teamster		0.875

Positions not listed above will be allocated in accordance with the definitions which appear in the special provisions, as interpreted in the light of this classification.

The minimum wage paid to all skilled labor for which rates are not shown above, shall be not less than \$1.00 per hour.

The minimum rate to all intermediate labor, for which rates are not shown above, shall not less than 90 cents per hour.

The minimum wage paid to all unskilled labor, for which rates are not shown above, shall not be less than 87½ cents per hour.

Overtime—one and one-half (1½) times the above rates.

Sunday and holidays (except watchmen, guards and flagmen)—one and one-half (1½) times the above rates.

In accordance with the provisions of Section 1777.5 of the Labor Code, as amended by Chapter 971, Statutes of 1939, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

In accordance with the provisions of the State Contract Act, prospective bidders must file with the Department of Public Works answers to questions contained in standard form of questionnaire and financial statement including a complete statement of their financial ability and experience in performing public works. Standard forms of such questionnaire and financial statement can be obtained from the State Highway Engineer at office Public Works Building, Sacramento. The Department of Public Works will not furnish proposal forms to prospective bidders who have not submitted such questionnaire and financial statement for prequalification at least five days prior to the date fixed for publicly opening sealed bids and been prequalified for a least one day prior to said date.

No bid will be accepted from a Contractor who is not licensed in accordance with the law, under the provisions of Chapter 791, Statutes of 1929, as amended, or Chapter 37, Statutes of 1939, as amended, or to whom a proposal form has not been issued by the Department of Public Works.

The attention of bidders is directed to the fact that the work herein proposed to be done will be financed in whole or in part with Federal funds, and that therefore all applicable Federal statutes, rules and regulations will apply to such work.

The attention of bidders is particularly directed to the provision of Section 7, article (a), subsection (6), of the Standard Specifications regarding the use of domestic materials; and also to the provisions of Section 8, article (a) and (b), of the Standard Specifications, regarding subcontracting and assignment of the contract respectively.

Plans may be seen, and forms of proposal, bonds, contract and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated and at the office of the Associated General Contractors in San Francisco. The District Engineers' office are located at Eureka, Redding, Marysville, San Francisco, San Luis Obispo, Fresno, Los Angeles, Mar. Bernardino, Bishop, Stockton and San Diego.

A representative from the district office will be available to accompany prospective bidders for an inspection of the work herein contemplated, and Contractors are urged to investigate the location, character, and quantity of work to be done, with a representative of the Division of Highways. It is requested that arrangements for joint field inspection be made as far in advance as possible.

No bid will be received unless it is made on a blank form furnished by the State Highway Engineer. The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" annexed to the blank form of proposal, for full directions as to bidding, etc.

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS  
Dated June 26, 1942  
(June 25, July 2, 9)  
C. H. PURCELL,  
State Highway Engineer.

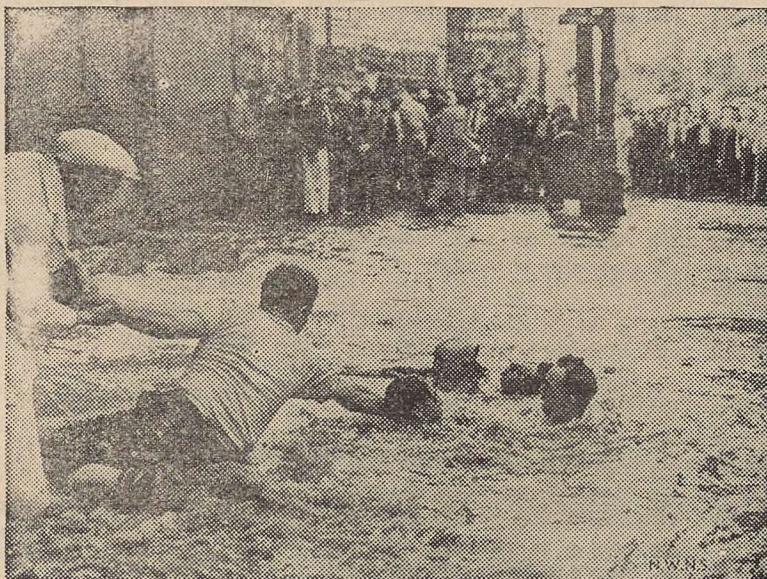

John Bell and Fred Conger of hours gathered 474 pounds of rubber. Tahoe City took a truck over a few All of it was found on nearby dumps woods roads near there in three and scattered along the roads.

## Planning Anti-Submarine Control

Shown at Mitchell Field as they discussed the Atlantic anti-submarine patrol with Brig. Gen. Jimmie Doolittle (center, seated) are, left to right, Maj. Gen. Follett Bradley, commanding the First air force; Brig. Gen. Joe Cannon, commanding the First fighter command; Col. E. E. Glenn, chief of staff of the First air force; and Brig. Gen. Westside Larson, commanding the First bomber command.

## Water Main Flood in Seattle

Releasing a tremendous force of water that buckled paving, flooded basements and nearly caused several drownings, a 20-inch city water main broke under Second avenue between Washington and Main streets. This dramatic photo shows four men being pulled to safety after they had fallen into the seething maelstrom when the paving collapsed beneath them.

## Politically Speaking

by JOHN W. DUNLAP  
(United Press Staff Correspondent)

SACRAMENTO, June 25 —(U.P.)—The election year of 1942 might be known in history as the era of punctured balloons.

Veteran political observers could hardly remember a year when political candidates changed their minds, withdrew from contests, and generally fiddled around. Scores of hopeful balloons were sent up to see how the winds blew. Most of them came down.

The excitement of war, a general disinterest in politics, and almost ruthless machine politics discouraged all but a few to put their money on the line for public office.

Many of the politicians were after the publicity or had an oversized opinion of their own strength, and these withdrawals are commonplace. But the saddest circumstances surrounded the withdrawal of Charlie Hagerty, the efficient and popular deputy secretary of state, who hoped after 30 years under civil service to win the prestige of being elected secretary of state.

Hagerty entered the race in good faith when Secretary Paul Peek said he was running for attorney general. He was overwhelmed by support from newspapermen, present and former legislators, and the legion of friends he has made while virtually running the department for so many years.

But Hagerty is a good soldier, too. He was put on the spot when the Democratic party machine got on the bandwagon of State Senator Robert

Kenny for attorney general, in return for Kenny's deserting the governorship race to help the governor. Peek was ordered to pull out and seek reelection, which he reluctantly did. And Hagerty refused to run against his chief, stressing that he had no part in the "series of political circumstances and candidacy shifts."

Peek will be hardpressed to beat Frank M. Jordan, son of the late secretary of state whose name still packs a wallop in California. A Peek victory would keep Hagerty in his present job, one of the most important in the state's civil service. A Jordan victory should keep Hagerty in office, too, for no one is so eminently qualified to perform the job.

Another withdrawal at the last minute which occasioned some surprise was that of State Senator J. C. Garrison, of Modesto, a boon friend of the governor and Olson's personal choice for the nomination for lieutenant governor.

Garrison said he was dropping out to avoid splitting the Democratic vote to the advantage of a cross-filing Republican but it was apparent Olson had lost his attempt to sidetrack Incumbent Ellis Patterson in favor of Garrison. The Democratic bigwigs wouldn't go for Garrison and endorsed Patterson, the energetic vote getting lawyer from Los Angeles.

To his credit, the governor is a man of strong convictions. He felt sincerely that Garrison had one of the best liberal and progressive voting records in the legislature and wanted his aid as lieutenant governor, should Olson be reelected. He has been noticeably cool toward Patterson. What Olson failed to realize, apparently, was that Garrison is little known in the north and almost unheard of in the populous south. He

## Rubber Drive Brings Up Humorous Incidents

The current nationwide rubber drive, now under full steam ahead, is not without its humorous side. Reports from gasoline service station men give some sidelights on rubber collection that are good for a chuckle or two.

It seems that some of the rubber brought in by well-intentioned citizens is attached to other material in a very weighty manner. For instance, one gas station man said good humorously:

"What we like, of course, is plenty of rubber—but as little of the non-rubber material as possible connected on to it."

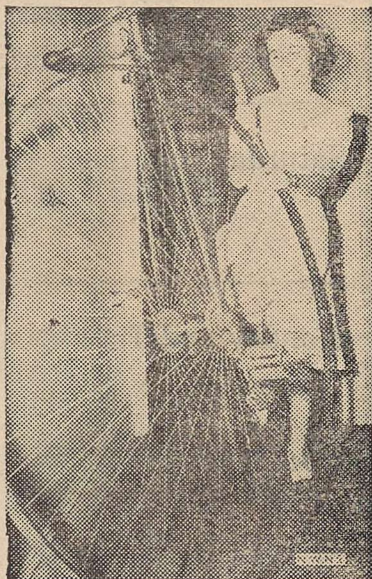

"In other words, if a person turns in an eraser, we hope he will take off the pencil first."

"We had one youngster come rolling with an iron wheel as big as himself—it had a thin strip of tread on it. I'm half expecting now for somebody to come staggering in under the weight of a safe because it has rubber casters on it."

Superior Judge Edward P. Murphy, state chairman of the "Salvage for Victory" committee for California, makes the point that there is quite a transportation problem in connection with the shipment of the used rubber. Naturally, all extraneous material takes up valuable space.

"We still want every bit of rubber," the judge said, "but if contributors

## Rubber From 80's

This high wheel bike from which Betty Mancil, University of Pennsylvania co-ed is ripping the tire, dates back to 1880. Miss Mancil donated the tire to the national scrap rubber campaign which was set rolling by the President.

can possibly strip the articles of other material—like stripping the canvas tops off rubber soled shoes—it will help greatly in the handling of large shipments."

## This Is OUR AMERICAN WAY

"Would you like a Testament, Soldier?"

"Sure, Chaplain, — but..."

"But what — Soldier?"

"Well, Sir, I'd sure like a Testament, all right, but you may not have my kind."

"Yes, Son, we have your kind. The United States Army respects all religions, all denominations, all creeds. These Testaments, which we are distributing to every officer and enlisted men in the United States Army who requests one, are in the form of the Roman Catholic version, the Protestant version, and the Jewish Holy Scriptures."

"Well, I'll say that's fine, Chaplain."

neither has the genial back-slapping technique of Patterson nor the strong support of labor and left-wing groups. He was almost certain to be an also-ran in a statewide race.

The Gordon Garland switch from governor to board of equalization certainly cooke up a hot fight for the second district job. Olson's appointment of Ivan Sperbeck of Sacramento proved anything but popular in some factions, particularly Alameda county. So Democratic Assemblyman Henry Meehan, who yearned for Congress before he got the urge to oppose Sperbeck, has filed in the face of frowns from the Olson camp. He lives in Oakland.

Sperbeck and Meehan alone would put Garland will be after Democratic votes too. Garland is from Tulare county and is well known in the San Joaquin valley, where the total vote about equals the Alameda county total. The Sacramento area and other counties—aside from Alameda and the San Joaquin valley—constitute about another third of the total vote. So the outcome should be close, with Sperbeck a possible loser, not only of his new \$7200 equalization job but of the \$300 per month personnel board position he gave up to receive Olson's appointment.

**ADDENDA TO DELINQUENT TAX LIST**

Notice of sale of property at public auction, for delinquent taxes of 1936, also property for delinquent taxes of 1933, 1934, 1935, etc.

In pursuance of law, public notice is hereby given that, commencing on the 29th day of June, 1942, at the hour of 10 o'clock A. M. of that day, and continuing from day to day thereafter, if additional time is required to complete the sale, in the office of the Tax Collector of the State of Nevada, City of Nevada, State of California, the undersigned Tax Collector will, unless the delinquent taxes thereon are sooner redeemed, or sale is postponed as provided by law, sell or offer for sale at public auction to the highest bidder, for cash, in lawful money of the United States, the several parcels and lots of property hereinafter described upon which date five years will have elapsed from the date of the sale of said property to the State. No bid for said property will be accepted for less than the amount of taxes, penalties and costs due on said property for the year the same was sold to the State in the year 1937, for the taxes of the year 1936, which minimum amounts are set forth opposite the description of each of said properties.

In order to entitle the successful bidder to a deed of the property purchased, he must, in addition to the price paid pursuant to his bid at such sale, within thirty days pay by redemption any and all further delinquent taxes and assessments against said property, together with all penalties, costs, interest and charges accrued thereon.

After a bid has been made and accepted at such sale, the right of redemption (except by the purchaser) shall cease.

If no bid is made and accepted at such sale, the right of redemption ceases as provided in sections 3511.3 and 3511.5, Revenue and Taxation Code.

Dated this 28th day of May, 1942.  
**Frank Steel,**  
Tax Collector of Nevada County, State of California.

Redemption or postponement of sale of the above described property may be made at any time prior to the acceptance of a bid for such property.

For full information as to the amounts necessary to be paid apply to **R. N. McCormack,** the County Auditor of Nevada County.

**FRANK STEEL,**  
TAX COLLECTOR OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA.

The properties to be sold and which are the subject of this notice are situated in the County of Nevada, State of California, and particularly described as follows, to-wit:

## North Tahoe News . . .

by MADELINE GALLERANI

Fred Baker was up from Sacramento over the weekend.

Mr. and Mrs. Jas. A. Arnot of Carnelian Bay and several guests came up Friday from San Francisco to spend the weekend.

Charles Vanderploeg, local contractor, came up from Las Vegas to spend a day with his family in Tahoe Vista.

Mr. and Mrs. Joseph Riolo celebrated their 33rd wedding anniversary on the 19th of June.

A. Hollis of Tahoe Vista was a recent visitor in Reno.

Mr. and Mrs. M. T. Benning of Sacramento are at their Kings Beach home.

Richard Hiese is again employed as the attendant at Wm. Rhindfleisch's Richfield service station at Brockway.

Mr. and Mrs. B. Worhlitzer were recent guests of Mr. and Mrs. H. O. Comstock. Mrs. Worhlitzer is a cousin of Mrs. Comstock.

C. L. Anderson of Los Angeles and Dr. T. Lyman of Sacramento were recent visitors at the Riolo Club.

Mrs. Elisabeth Boner of Tucson, Arizona, visited with her parents, the H. O. Comstocks, at Brockway.

Mrs. Dorothy O'Brien motored to Oakland on Thursday last.

Mr. and Mrs. Charles Wylie and two young sons were visitors at Kings Beach over the weekend. They are residing at Tahoe Pines for the summer.

Mr. and Mrs. E. W. Solberg are now at Kings Beach for the season. Mrs. John Clayson and daughter, Janet, of Sacramento are visiting with Mr. and Mrs. Thomas Kyncey of Tahoe Vista. Mrs. Clayson and Mrs. Kyncey are sisters.

Sherman Hall spent two weeks at Kings Beach before returning to San Francisco where he is employed.

Mrs. Violet Laughlin motored on Thursday to Placerville to be with a friend who was very ill.

James Mandeville is now at his home in Kings Beach after arriving from Hawthorne where he was employed.

The Brockway Riding Stables, operated by Chaska West, are opened for the summer.

H. J. "Cap" Kidd purchasing agent for the Brockway Hotel has returned to hold the position he's had for the past three years.

H. Fray, A. T. Eveleth, and H. Madsen all of Reno spent their weekend at their respective homes in Kings Beach.

Mrs. Thomas McCarthy is now residing in Reno to be near her husband, who is employed in Lemon Valley Project.

#### 13-Hour School for CD Workers Planned Here

Truckee defense committeemen in all branches are being urged to attend a 13-hour school to be conducted here next week from Monday until Wednesday by Mrs. John Breeden of Saratoga, official of the American Women's Volunteer Services, who will donate her time to the task.

In order to qualify as authorized defense workers, this schooling is necessary, according to County Coordinator C. K. Heffren, who is arranging for Mrs. Breeden's visit here.

The school will be conducted between 9:30 and noon and between 1 o'clock and 3:30 Monday and Tuesday and will be concluded Wednesday at 3 o'clock. Five hours will be devoted to general defense education, five hours to gas warfare and three hours to incendiary bombs.

Chairman F. W. Gaennie is making arrangements for the location, and other details of the classes. All defense committeemen are asked to register at the Sierra Sun office for the course.

#### Survivors of Coral Sea Speak at Rotary Meeting

The members of the Truckee-Tahoe Rotary Club Monday night were treated to an eye-witness account of the battle of the Coral Sea. The speakers of the evening were Gordon Bitler and Walter Hollingsworth who took part in battle as sailors in the U. S. Navy.

Bitler was aboard the ill-fated aircraft carrier, Lexington and gave a first account of what happened under fire and reported that he was in the water for some time waiting to be rescued.

Hollingsworth was a gunner on a heavy cruiser and told how Japanese planes were destroyed in the battle—noting one instance when 13 out of 18 Japanese aircraft were destroyed. Stanley Martin was the program chairman and Past President Theodore Schleuter presided.

Dr. Jack Hills of Palm Springs was a visiting Rotarian.

#### Local Officers At Meet On Alien Problem Tues.

Deputy Sheriff N. F. Dolley and Special Officer A. C. Pfandler of the Southern Pacific Tuesday attended a special peace officers conference in Reno of which Jay C. Newman, special FBI agent, was in charge. Motion pictures depicting law enforcement conditions in war-time were shown.

Special emphasis was placed on new provisions regarding enemy alien control. After an address on the subject by Newman, an open forum was conducted and problems pertaining to the subject were discussed by officers attending.

#### New Patrolman Assigned Here to Replace Stinton

Harold (Bob) Fowler, state patrolman for the past 10 years, eight of which were spent in El Dorado county, has been assigned to the Truckee squad to replace John Stinton, who has rejoined the Royal Canadian Air Corps. Fowler is married and his wife and small daughter have arrived to make their home here. They came from Salinas where Fowler formerly worked.

Summit Temple No. 79, Pythian Sisters, will hold their bi-monthly meeting tonight at 8 p.m. in the Odd Fellows Hall. Mrs. Charles Heller is to be hostess at the social session and Mrs. James Garibaldi, most excellent chief will preside.

Members of the Temple Staff are especially urged to attend as there will be drill practice immediately following the business meeting.
